

Intermediate Graded Examination in Music Performance: Electric Guitar

This is a Rock School course which will develop your skills and technique in playing and performing pieces on the electric guitar. It is designed to be an additional course to your main programme as it is just three hours a week; as such it is ideal as an add on to a BTEC, GCSE or A Level programme of study. It is especially recommended for those students already studying a Music Technology course. The course will also offer opportunities for live music performance at the College Festival.
